

Ever Wondered

Public 'Souqs': The cutting-edge modern shopping malls of today are helping to define the future. But the past, too, lives on – in old 'souqs,' where the rich, enticing flavor of bygone times still hangs in the air, where every alleyway and corner tells a story about the age-old art of selling and buying. Qatar is currently implementing an ambitious plan to restore old 'Souqs,' so that their historical secrets and atmosphere can be passed on from generation to generation. More information about old public 'souqs' can be obtained through research an exciting and rewarding way to find out more about a topic of interest. Qatar's Supreme Education Council is rising to the challenges of the 21st Century, in a highly-competitive, interconnected global society, by seeking to stimulate the minds of tomorrow. The council is actively fostering a culture of research and exploration, so that students learn to verify newly-acquired information - and how to satisfy a thirst for more. For more information on Research, check the website of the Supreme Education Council: <http://www.english.education.gov.qa/content/general/detail/5806>
